- Up to 5 bars of steam pressure for fast ironing
- T-ionicGlide: our best 5-star rated soleplate iron
- Ready to use in 2 minutes with unlimited refill

Highlights

OptimalTemp Technology

OptimalTemp Technology from the PerfectCare steam generator always delivers one perfect setting for all your clothes thanks to: - Advanced Smart Control Processor - Centrifugal steam chamber

100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester. Independent iron testing institutes have used PerfectCare on the most sensitive ironable

garments and they confirmed excellent ironing results.

100% efficient

100% efficient on the toughest fabrics; you can now iron twice as fast.

Tested and approved by experts:

This iron is tested and approved by independent textile experts institutes.

1.5-litre water tank

The most compact steam generator comes with a 1.5 l water tank. It allows you to iron for up to two and a half hours without refilling.

Compact and light

The compact design makes your appliance easy to store. Space will never be an issue again! As it is very light, your appliance is easy to carry.

Its lightweight iron will make your ironing much more comfortable.

Pure Steam Anti-calc cartridge

The replaceable Pure Steam Anti-scale cartridges are proven to be the most efficient system for filtering scale on a steam generator, providing up to 99% scale filtration, even with hard water. The appliance is guaranteed for 5 years against scale-related issues. The steam is clean and the product life is extended by 5 times. The intelligent system warns you when the cartridge needs to be replaced. A cartridge lasts 3 months on average. To continue using your appliance, you can either use demineralised water while keeping the old cartridge inside, or replace it with a new cartridge. 2 cartridges are included

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas — Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
